# SÓLIDOS!

## SOLIDS!

Imagínate un mundo donde las  
puertas siempre están abiertas!

*Imagine a world where doors are always open*

En DIMARA, moderna empresa industrial, basamos nuestra filosofía en la devoción por el trabajo, con un único fin: la satisfacción de nuestros clientes.

Este es el hilo conductor de toda nuestra actividad: la pasión por las puertas.

Aquí ha nacido nuestro estilo, lo que marca la diferencia.

Calidad de los materiales, innovación tecnológica, belleza de las formas y esmerada atención a los detalles.

Este es el estilo DIMARA.

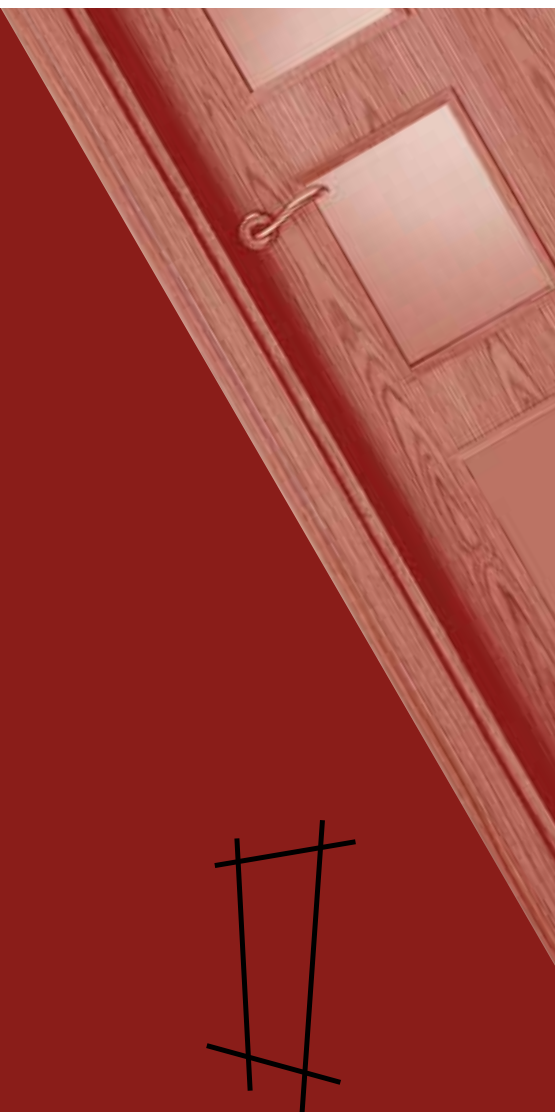

Nosotros somos lo que hacemos; sólidos como nuestras puertas. Porque amamos nuestro trabajo y hacerlo bien. Desde siempre.

*In DIMARA, modern industrial company, our philosophy is based in our devotion for good work with a unique goal: to achieve our customer's satisfaction.*

*This is the connecting thread of our entire activity: the passion for doors.*

*Here arise our style, what makes the difference: quality of materials, technological innovation, beauty of shapes and carefully attention to details. This is DIMARA style. We are what we make; as strong as our doors. Because we love our work and to do it right. From the beginning.*

# serie MELAMINA

MELAMINE COLLECTION

La puerta de melamina es la solución para los que valoran la similitud de tono, color y la resistencia superficial. Dimara produce puertas de paso de caras melamínicas que, gracias a una mejora en la impresión de los papeles presentan unas tonalidades de la melamina semejantes al veteado de la madera de una forma natural y en unos tonos muy uniformes.

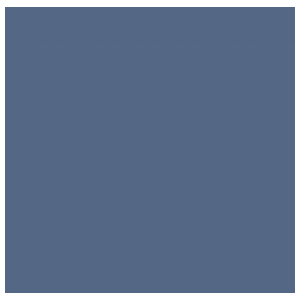

La uniformidad de todos los materiales que acompañan a la puerta como son batientes, tapajuntas, permite conseguir proyectos perfectamente terminados sin variaciones de color.

*The door of melamine is the solution for those who value the similarity of tone, colour and the superficial resistance. Dimara produces melamine interior doors, thanks to an improvement in the impression of the melamine papers with similar tonalities to the natural veneer in design and uniform tones.*

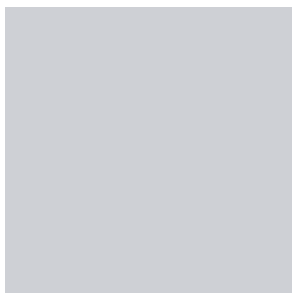

*The uniformity of all the materials that we supply together the door (frame and architrave) allows us, to obtain projects perfectly finished without variations on colour.*
